PLANS AND PROGRAMS STAFF WEEKLY REPORT FOR
PERIOD ENDING 20 JULY 1983

1.   Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2.   Items or Events of Major Interest that have Occurred
During the Preceding Week:

a.   (P&PS) and   (C/SAB/P&PS)   STAT
attended the first session of the Workstation Environment
Working Group, one of six committees that will serve and
support the Information Systems Board. This Board,
chaired by   will plan the systematic devel-   STAT
opment of Agency-wide information handling methodologies
for the next decade. The evolution of ADP systems and
associated word processing techniques will receive primary
attention. The Board and its groups are staffed by senior
personnel from throughout the Agency. The content of this
Group meeting was introductory in nature; its charter
indicates a direct focus on identifying the workstation
(CRT terminal) configuration of the near future. (More
specific details of this project are available in P&PS.)

b. LIMS

(1) Key personnel of OL and OF (including Office
Directors) met on 15 July to discuss OF concerns on
the current status of project detailed requirements.
An MFR on the meeting's content has been prepared by
P&PS.

(2) On 13 July, QAG/ODP provided an overview on
the future role of the LIMS User Functional Test
Team--a team that will evaluate system software as
developed and delivered by BAH in succeeding phases
of the project, having participated in the prepara-
tion of the System Acceptance Test Plan. The team
will be composed of key personnel from ODP, OL, OF,
and OIG.

           Period ending 20 July 1983

      (3) The LIMS Configuration Control Board con-
vened on 18 July to review and pass judgement on
system discrepancy reports. Of interest to OL and OF
is that the Logistics System Objectives document will
be revised to accommodate the need to clarify certain
statements contained therein.
